## A decorated ring

Decorated rings can be used to decorate the house at any time of the year and look lovely with a candle in the middle.

### What you need

- Polystyrene ring (about 20cm across)
- Different pieces of material
- Scissors – pinking shears are best but others will do.
- Knitting needle is best but crochet hook or screw driver will do.

### How to make

1. Cut up different coloured pieces of material into 4cm square pieces.
2. Push each piece of material into the ring using the knitting needle by pushing in the middle of each material square.

**BE VERY CAREFUL NOT TO PUSH TOO HARD OR THE RING WILL BREAK**

3. Work your way all the way round the ring so that none of the polystyrene ring shows.
4. Add pieces to the back if you want although this is not essential.
5. Decorate your ring with a ribbon or a candle.

We hope you enjoy making these beeswax wraps. Take photos & post them on Facebook
